learning, training and career

"The best way to find yourself is to lose yourself in the service of others"  
Mahatma Gandhi

**BYBLOS INSTITUTE**  
high technical institute

A male doctor with a beard and short brown hair, wearing blue scrubs and a stethoscope, stands with his arms crossed in a hospital setting. The background is a blurred hospital corridor. A white horizontal bar is overlaid across the middle of the image, containing the word "Introduction" in a blue, sans-serif font. A blue curved graphic element is visible in the bottom left corner.

# Introduction

# Introduction

## Introduction:

Byblos Institute and The Levant Clinic are joining forces to provide you with all the training needed for the nursing studies.

Part of the courses will take place at Byblos Institute and the other part along with the medical training will be at The Levant Clinic.

## Overview:

Demand for nurses is rapidly growing in Lebanon and the region, a recent study conducted by the Order of Nurses shows that the number of doctors surpasses that of nurses by 10,000, with the population of doctors reaching 17,000 and that of nurses reaching only 7,000.

The job benefits and advantages are numerous and offers a variety in the choice of place of work.

Lebanon enjoys the most renowned medical centers in the Middle East, with top-notch medical and scientific equipment similar to those found in the best medical centers in Europe and the United States.

Health tourism is one of the most developed tourism forms in Lebanon. Lebanon has always been chosen "The Middle East Hospital" owing to its advanced health sector which makes it unique in its surrounding.

# About Us

# About Us

## About us:

**Byblos Institute** is a leading private technical institute established in 1963 in Beirut. It benefits today from **more than 50 years** of experience.

Over the years, it has become a reference for technical and institutional education. It offers 50 different technology programs in technical certificates: **LT, TS, BT and high school diplomas: TDS.**

These programs can help you develop your knowledge and skills to establish a promising technical career: Learning and training leading to a career.

The **Levant Clinic** is an internationally accredited, multi-specialty hospital located in the heart of Beirut, Lebanon.

Established on January 2004 by Dr. Antoine Maalouf, the **Levant Clinic** today is one of the largest private medico-surgical establishments in the Middle East accommodating over 130 patients.

It offers accurate diagnostic, therapeutic and intensive care facilities in a one-stop medical center. It serves over thousands of patients annually, including expatriates who live in Lebanon and nearby countries.

# Career Benefits

# Career Benefits

## Career Benefits:

The benefits of nursing are much more than the strictly job related.
